As coordinator of the Erasmus+ Project named "CLIL Open Online Learning (COOL)", I, the undersigned, Professor of English in the Department of Applied Linguistics at the School of Design Engineering, Universitat Politècnica de València, Spain

Hereby invite you and your School, Liceo Scientifico Elio Vittorini of Milan, to join us as a Partner in the Erasmus+ COOL Project.

As you were the manager for Italy in the previous Erasmus+ CLIL4U Project, when you were the Headmistress of the Istituto Comprensivo Monte Grappa di Bussero, it is important for us that the newly funded COOL Project becomes a further development of CLIL4U and builds upon the work previously achieved with projects such as POOLS, Multidict and Clilstore, that you are well acquainted with.

Hoping to receive confirmation of your acceptance,

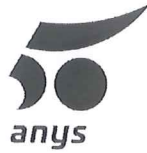

Yours sincerely,

Prof. Ana Gimeno
